

Chat ROOM

Editor's Note: Each month, we send out a survey to our readers on a variety of topics and report the results here. Chat Room is a perfect venue to get to know your peers and where you stand on different issues affecting the industry. Do you have a question you want us to ask? Contact editor, Jasmina Dolce, at jdolce@greatamericanpublish.com.

This month, we asked readers about petunia and begonia production, plant diseases, and use of biologicals. Here's what they had to say.

Do you grow petunias?

60% SAID YES!

What are some of your top-selling petunia varieties/series?

YOU SAID:

Wave

Supertunia

Crazytunia

Dreams

Potunia

Headliner

Turn to page 22 to learn about innovations in petunia breeding.

Biological products are increasingly being incorporated into growers' plant health management programs. Which of the following, if any, do you use?

How can biostimulants benefit your production? Turn to page 13 to find out.

Which plant diseases are currently most troublesome to your crops?

Turn to page 18 for an update on plant health products and methods of application.

1 BOTRYTIS **2 POWDERY MILDEW** **3 DOWNY MILDEW** **4 FUSARIUM** **5 PHYTOPHTHORA/PYTHIUM**

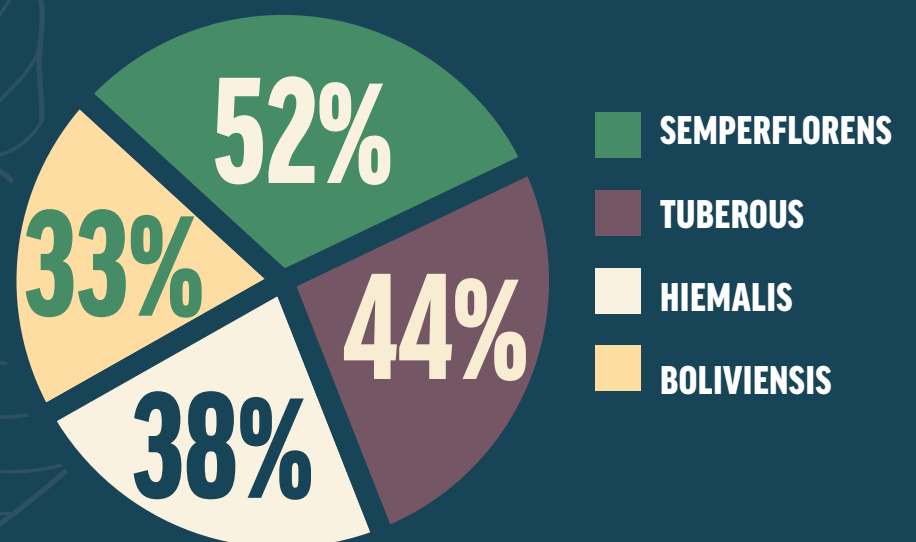

Do you grow begonias?

56% of you SAID YES!

Your favorite begonia series are:
